

Brief Overview of Key Information for 2017 Funding Opportunity Announcements (FOAs) under the NCTN Program - As of November 16, 2017

FOA # (Activity Code)	FOA Brief Title	U10 Components (Research Strategy Sub-sections)	Applicable Page Limitations	# of Attachments for Components (Brief Titles of Attachments)	Select Information on Eligibility for Institutions Submitting Applications (See FOAs for Other Eligibility Criteria)	Select Information on Eligibility of PDs/PIs on Applications (See FOAs for Other Eligibility Criteria)	Comments
RFA-CA-17-056 (U10)	Limited Competition: Network Group Operations Centers	Overall Component (A. Significance, B. Innovation, C. Approach, D. Progress Report)	30 pages	N/A	Limited Competition: Only the current NCTN Network Group Operations Center awardees supported under the current FOA, RFA-CA-12-010, are eligible to apply	PDs/PIs for this application cannot overlap with PDs/PIs on applications for Network Group Statistics and Data Management Centers, Canadian Collaborating Clinical Trials Network, Lead Academic Participating Sites, or the RT/Image Core Services Center; In addition, PDs/PIs for this application cannot overlap with PDs/PIs on applications for Network Group Integrated Translational Science Centers	Resource Sharing Plans are provided ONLY in Overall Component; Data Safety Monitoring Plans and PHS Inclusion Enrollment Report are provided ONLY in the Administrative Core Component; NO Appendix Materials are allowable under the research plans of any Component
		Administrative Core Component (A. Organizational Leadership and Structure, B. Collective Management and Collaborative Research)	12 pages	2 Attachments (1-Auditing Policy and 2-Conflict of Interest)			
		Clinical Trials Development Core Component (A. Clinical Trials Development Program and B. Operational Management Program)	12 pages	6 Attachments (1-Key Leadership Staffing, 2-Important Trial Primary Scientific Achievements, 3-Other Important Trial Achievements, 4-Operational Timelines Trial Development, 5-Operational Timelines Trial Conduct, and 6-Operational Timelines Trial Completion)			
		Member Site Core Component (This component does not have any Sub-sections)	12 pages	6 Attachments (1-Accrual by Trial Phase by Group Members, 2-Accrual by Major Cancer Category and Trial Phase by Group Members, 3-Accrual by Major Cancer Category and Trial Phase by All NCTN Members, 4-Accrual by Group Canadian Member Sites Credited to CCTG on Group-Led Trials, 5-On-site Auditing Summary for Group Member Sites, and 6-Group Constitution and By-Laws for Site & Investigator Membership)			
RFA-CA-17-057 (U10)	Limited Competition: Network Group Statistics and Data Management Centers (SDMCs)	Overall Component (A. Significance, B. Innovation, C. Approach, D. Progress Report)	30 pages	N/A	Limited Competition: Only the current awardees or subrecipients, (including second-tier subrecipients), with a substantial role in the existing Network Statistics and Data Management infrastructure supported under RFA-CA-12-011 are eligible to apply. Substantial role may be defined as employing one or more of the existing multiple PD/PIs, receiving a substantial (25% or more) amount of the current award or employing a significant number of the staff required to support the existing infrastructure. An organization applying for the Network Group Operations Center award under RFA-CA-17-056 cannot apply for a Network Group Statistics and Data Management award under this FOA.	PDs/PIs for this application cannot overlap with PDs/PIs on applications for Network Group Operations Centers, Canadian Collaborating Clinical Trials Network, Lead Academic Participating Sites, or the RT/Image Core Services Center	Resource Sharing Plans are provided ONLY in Overall Component; Data Safety Monitoring Plans and PHS Inclusion Enrollment Report are provided ONLY in Administrative Core Component; NO Appendix Materials are allowable under research plans of any Component
		Administrative Core Component (A. Organizational Leadership and Structure, B. Collective Management, C. Collaborative Research)	12 pages	2 Attachments (1-Auditing Policy and 2-Conflict of Interest)			
		Statistics Core Component (A. Structure, B. Approach)	12 pages	3 Attachments (1-Key Standard Operating Procedures, 2-Model Statistical Analysis Template, and 3-Current NCTN Trials Supported)			
		Data Management Core Component (A. Structure, B. Approach, C. Training)	12 pages	4 Attachments (1-Key Data Management and Monitoring Policies and Procedures for Clinical Trials, 2-Key Procedures to Ensure Security and Confidentiality of Patient Data, 3-General Data Quality and Timeliness for NCTN Trials, and 4-Data Quality and Data Timeliness for Serious Adverse Events on All NCTN Trials Led by the Network Group)			
RFA-CA-17-058 (U10)	Limited Competition: Canadian Collaborating Clinical Trials Network	Overall Component (A. Significance, B. Innovation, C. Approach, D. Progress Report)	12 pages	N/A	Limited Competition: Only the current NCTN Canadian Collaborating Clinical Trials Network awardees supported under the current FOA, RFA-CA-12-504, are eligible to apply	PDs/PIs for this application cannot overlap with PDs/PIs on applications for Network Group Operations Centers, Network Group SDMCs, Lead Academic Participating Sites, or the RT/Image Core Services Center	Resource Sharing Plans are provided ONLY in Overall Component; Data Safety Monitoring Plans and PHS Inclusion Enrollment Report are provided ONLY in the Administrative Core Component; NO Appendix Materials are allowable under the research plans of any Component
		Administrative Core Component (A. Organizational Leadership and Structure, B. Collective Management and Collaborative Research)	12 pages	2 Attachments (1-Auditing Policy and 2-Conflict of Interest)			
		Clinical Trials Development & Member Site Core Component (A. Clinical Trials Development Program, B. Member Site Program)	12 pages	11 Attachments (1-Key Leadership Staffing, 2-Important Trial Primary Scientific Achievements, 3-Other Important Trial Achievements, 4-Accrual by Trial Phase by Group Members, 5-Accrual by Major Cancer Category and Trial Phase by Group Members, 6-Accrual by Major Cancer Category and Trial Phase for All NCTN Trials Led by the Canadian Collaborating Network, 7-Operational Timelines Trial Development, 8-Operational Timelines Trial Completion, 9-Operational Timelines Trial Completion, 10-Summary of Audit On-Site Activity by Group Members, and 11-Group Constitution and By-Laws for Site & Investigator Membership)			
		Statistics and Data Management Core Component (A. Structure, B. Approach, C. Training)	12 pages	7 Attachments (1-Key Standard Operating Procedures, 2-Model Statistical Analysis Template, 3-Current NCTN Trials Supported, 4-Key Data Management and Monitoring Policies and Procedures for Clinical Trials, 5-Key Procedures to Ensure Security and Confidentiality of Patient Data, 6-General Data Quality and Timeliness for NCTN Trials, and 7-Data Quality and Data Timeliness for Serious Adverse Events on All NCTN Trials Led by the Canadian Collaborating Network Group)			

Brief Overview of Key Information for 2017 Funding Opportunity Announcements (FOAs) under the NCTN Program - As of November 16, 2017

FOA # (Activity Code)	FOA Brief Title	UG1/U24 Research Strategy Sub-sections	Applicable Page Limitations	# of Attachments for Components (Brief Titles of Attachments)	Select Information on Eligibility for Institutions Submitting Applications (See FOAs for Other Eligibility Criteria)	Select Information on Eligibility of PDs/PIs on Applications (See FOAs for Other Eligibility Criteria)	Comments
RFA-CA-17-059 (UG1)	Network Lead Academic Participating Sites	A. Lead Academic Participating Site Overview B. Lead Academic Participating Site Clinical Trial Program C. Lead Academic Participating Site Accrual Program	30 pages for entire Research Strategy Section (divided up in any way)	8 Attachments (1-Lead Academic Participating Site Roster, 2-Key Leadership Staffing for NCTN Groups; 3-Important Trial Primary Scientific Achievements on NCTN Trials, 4-Other Important Trial Achievements on NCTN Trials, 5-Leadership on NCTN Trials by Major Cancer Category, 6- Summary of Accrual on All NCTN Clinical Trials, 7-Summary of Accrual by Major Disease Category and Trial Phase by Group Members, 8-Summary of Timelines for Local Activation of NCTN Clinical Trials)	OPEN Competition: An academic institution/organization applying under this FOA cannot be a NCI Community Oncology Research Program (NCORP) Community Site. Please see FOA/RFA for more detailed information on eligibility	PDs/PIs for this application cannot overlap with PDs/PIs on applications for Network Group Operations Centers, Network Group SDMCs, Canadian Collaborating Clinical Trials Network, or the RT/Image Core Services Center	Affiliates that meet the description in the FOA/RFA are allowed to be included ONLY in budget section of application for ease of administration; however, affiliates do not have to be included. Accrual and other activities of the affiliates ARE NOT part of the review criteria for the academic center application and ARE NOT to be included in the research strategy or attachments (except for the Attachment 1 for the Roster).
RFA-CA-17-060 (U24)	Limited Competition: Network Radiotherapy and Imaging Core Services Center	A. Overview B. Radiotherapy (RT) Core Services Program C. Imaging Core Services Program D. Collaborations, Participation in Collective Network Management, and Support for Other NCI- Supported Clinical Trials Network Programs E. Progress Report	30 pages for entire Research Strategy Section (divided up in any way)	6 Attachments (1-NCTN Clinical Trials Using RT Core Services, 2- NCNT Clinical Trials Using Imaging Core Services, 3-Other Clinical Trials Using RT Core Services and/or Imaging Core Services, 4-Key Standard Operating Procedures for RT and Imaging Quality Assurance, Imaging Data Management, and Credentialing, 5-Security and Confidentiality, and 6-Conflict of Interest Policy)	Limited Competition: Only the current NCTN Network Radiotherapy and Imaging Services Center awardees supported under the current FOA, RFA-CA-12-014, are eligible to apply	PDs/PIs for this application cannot overlap with PDs/PIs on applications for Network Group Operations Centers, Network Group SDMCs, Canadian Collaborating Clinical Trials Network, or Network Lead Academic Participating Sites	The application for this RFA consists of a single budget with major budget categories showing amounts for entire application; however, a budget breakdown (general total amounts - not formal separate budgets) should be provided for the 3 main activities: (1) RT NCTN Core; (2) Imaging NCTN Core; and (3) RT & Imaging Core for Other NCI- supported Clinical Trials Network Programs.
RFA-CA-17-061 (UG1)	Network Group Integrated Translational Science Centers	A. Integrated Translational Science Center Overview B. Integrated Translational Science Program C. Pilot Studies and Collaborative Projects	30 pages for entire Research Strategy Section (divided up in any way)	1 Attachment (1-Conflict of Interest Policy)	OPEN Competition: Please see FOA/RFA for more detailed information on eligibility	PDs/PIs for this application cannot overlap with PDs/PIs on applications for Network Group Operations Centers	N/A
